

What is Focus?

Focus is a Braille display to allow blind and partially sighted computer users to navigate the Windows system. Available in 40 or 80 cells of Braille, the Focus display plugs into a PC or laptop via the USB port.

The Focus has been specifically designed for comfort and ease of use. The surface of the Braille display has a new design that eliminates seams between the cells and provides a smooth reading surface.

Quickly move around documents with natural hand movements and greater productivity. Read documents and e-mail, work with spreadsheets, and browse the Internet - all with unparalleled speed and efficiency. Advanced navigation features are designed so your hands seldom need to move from the Braille display. All buttons can be individually configured to set up "hot keys" for specific functions.

Additional Key Features of Focus 40 & 80 include:

- The Whiz Wheels design lets you scroll by line, sentence or paragraph, or you can pan through a document.
- Front panel select buttons can be used in combination with panning buttons, rocker bars, and cursor router keys to select a block of text, page up or down, or move to the beginning or end of a document.
- 10 dual-purpose hot keys centred behind the cursor routers give instant access to many Braille and JAWS commands. Use these to enable contracted Braille, switch to display modes such as structured and line mode, or perform keyboard commands like TAB, SHIFT + TAB, HOME and END.
- For users who like a Perkins style keyboard, simply remove a cover to make available this logical, structured interface to issue navigation, Windows, and JAWS commands without removing your hands from the display.
- Rapid Reading Mode configures the display to use only 20 cells of braille for faster reading with minimal hand movement.
- VariBraille allows you to select the firmness of the Braille display.

Weights and Dimensions

Focus 40

Max. Dimensions: 13.7 in. x 5.3 in. x 1.7 in. (34.79 cm. x 13.46 cm. x 4.32 cm.)

Weight: 2 lbs. 10 oz. (1.19 kg.)

Focus 80

Max. Dimensions: 23.8 in. x 5.3 in. x 1.7 in. (60.45 cm. x 13.46 cm. x 4.31 cm.)

Weight: 4 lbs. (1.81 kg.)
